Education and training

PhD in Communication at the Department of Computer Science University of Turin

The Process of User Modeling Definition for Adaptive Hypermedia Systems

Academic experience

2019

Associate Professor in Computer Science

University of Genoa - Genoa

2009 - 2019

Assistant Professor in Computer Science

University of Genoa - Genoa

2003 - 2009

Assistant Professor in Computer Science

University of Turin

Work experience

2000 - 2003

CEO of the company TeT Grouplet S.A.S

TeT Grouplet S.A.S

Advisory activity Web Design and Development

Research interests

My main research interests include intelligent user interfaces, adaptive systems, recommender systems and ubiquitous systems. Over the years, I worked on the application of HCI and AI in various fields, including on-board services and tourist-cultural mobile guides, technology-enhanced learning and privacy management.
