Education and training

2003

PhD

Techno-typological modifications and use of the raw materials in the Tuscan-Emilian Apennines and in Liguria during the Middle and Early Upper Palaeolithic.

University of Rome La Sapienza - Rome - IT

2004

Specialisation in Archaeology (postgraduate)

The Lower Palaeolithic lithic industry from 40-46 layers of Visogliano shelter Aurisina Trieste Italy. - 110/110 e lode

University of Pisa - Pisa - IT

1994

MA degree - Humane letters

L'industria del Paleolitico Medio-Superiore dell'area dell'Ex-Birreria - Balzi Rossi di Grimaldi - Ventimiglia Imperia. - 110/110 e lode

University of Pisa - Pisa - IT

Academic experience

2014 - ONGOING

Senior Lecturer

University of Genoa - DAFIST - Genoa - IT

Teaching activity.

Language skills

English

French

Teaching activity

2019- Graduate teaching: **Palethnology**, Università di Genova, Italy.

2019- Graduate teaching: **Anthropology of prehistoric societies**, Università di Genova, Italy.

2015-today Undergraduate teaching: **Prehistoric and Protohistoric archaeology**, Università di Genova, Italy.

Postgraduate research and teaching activity

Supervision of PhD students, residents and post-doctoral fellows

2015-today Postgraduate teaching: **Palaeolithic archaeology, Neolithic archaeology, Protohistory**, 'Scuola di Specializzazione in Beni Archeologici', University of Genoa, Italy.

PhD committees membership

2018-today **PhD School**, Committee Member: "*Studio e valorizzazione del patrimonio storico, artistico-architettonico e ambientale*", Università di Genova, Italy.

Research interests

Main research topics: 'Neandertal-H. sapiens' transition, Palaeolithic, Mesolithic, Copper Age.

Direction of archaeological excavations:

2015-today ***Arma Veirana (Erli, Savona, Italy), Middle and Upper Palaeolithic***, in collaboration with Stefano Benazzi (Università di Bologna), Jamie Hodgkins (University of Denver, Colorado), Christopher Miller (University Tübingen), Caley Orr (University of Denver, Colorado), Marco Peresani (Università di Ferrara), Julien Riel Salvatore (Université de Montréal) and David Strait (Washington University in St. Louis).

2015-today ***Riparo Bombrini (Ventimiglia, Imperia, Italy), Middle and Upper Palaeolithic***, in collaboration with Julien Riel Salvatore (Université de Montréal).

2015 ***Ronco del Gatto (Bardi, Parma), Middle and Upper Palaeolithic, Copper age.***

Grants

2017 - ONGOING

High-resolution investigation of the Middle-Upper Paleolithic Transition at Riparo Bombrini Italy

Social Sciences and Humanities Research Council - SSHRC - CA
Principal investigator

2017 - ONGOING

The earliest migration of Homo sapiens in Southern Europe understanding the biocultural processes that

define our uniqueness.

ERC Consolidator grant
Participant

2016 - ONGOING

The Hidden Foods project new research into the role of plant foods in Palaeolithic and Mesolithic societies of South-east Europe and Italy.

ERC Starting Grant
Participant

Editorial activity

Participating in scientific review committees:

2015-today *Rivista di Scienze Preistoriche* (Istituto Italiano di Preistoria e Protostoria, Firenze)

2016-today *Quaderni di Archeologia – Genova* (Università di Genova)

2016-today *Ligures* (Istituto Internazionale di Studi Liguri, Bordighera, Imperia)

2017-today *Studi genuensi* (Istituto Internazionale di Studi Liguri, Bordighera, Imperia)

Scientific reviewer for the following journals: Journal of Lithic Studies, O Ideário Patrimonial, Open Archaeology, PLOS ONE, Quaternary International, Rivista di Scienze Preistoriche.

Assignments abroad

2014-today Invited Professor, *Master Préhistoire, Paléoenvironnement et Archéosciences*, Laboratoire des Cultures et Environnement - Préhistoire, Antiquité, Moyen-Âge, CEPAM – CNRS/Université de Nice, France.
