Education and training

2013

Ph.D. in Electrical and Information Engineering

A virtual measurement approach for robust planar tracking - Excellent
Università degli studi dell'Aquila - L'Aquila - IT

2009

Master degree on Computer Science and Control Engineering

SLAM based on Causal Suboptimal Filtering and non Linear Optimization -
110/110 cum laude

Università degli studi dell'Aquila - L'Aquila - IT

Academic experience

2009 - 2013

Phd Student

Univesità degli studi dell'Aquila - L'Aquila - IT

2012 - 2017

Post-Doc Researcher

Università degli Studi di Genova - Genova - IT

2017 - ONGOING

Assistant Professor

Università degli studi di Genova - Genova - IT

Research interests

I'm author of more than 40 publications in international journals and conferences. My research interests include power system control and modeling, intelligent management of renewable energy sources and loads, distributed generation and smartgrids, state estimation of nonlinear non-Gaussian systems, delay system analysis, estimation, and control.
